## **Kata Pengantar**

Menghadapi permasalahan kekurangan soal berstandar Ujian Nasional Bahasa Inggris pada siswa SMP, penulis merasa perlu untuk membuat buku soal berstandar Ujian Nasional sebagai bahan acuan dan sebagai sarana berlatih siswa.

Berawal dari sebuah pemikiran tentang efektifnya soal berstandar Ujian Nasional, dan peningkatan hasil belajar siswa akhirnya penulis mencoba menyusun kembali soal Ujian Nasional tahun yang sudah berlalu untuk pembelajaran di kelas. Hasilnya, sudah penulis rasakan sendiri. Penulis mendapati fakta bahwa dari beberapa soal berstandar Ujian Nasional yang penulis latihkan, siswa bisa mengerjakan soal dan mempunyai pengalaman menarik dan berharga yang bisa mereka gunakan untuk mengerjakan soal Ujian Nasional.

Dalam buku ini, sengaja penulis sunting dari beberapa paket soal untuk penguatan. Harapan penulis, semoga buku ini bisa bermanfaat untuk pembelajaran peserta didik di sekolah.

Last Friday, a friend of mine asked me to accompany him to buy a new shirt at a department store. We left home at 03.00 pm by motorcycle. As soon as we arrived there, we went to the clothes section. I let him choose one. An hour later, I got bored watching him confused in choosing a shirt. So I left him and went to the cassette counter. Thirty minutes later, I went back to the clothes section but I couldn't find him there. My cell phone was broken so I couldn't call him. I went to the parking area. I saw his motorcycle was there but I couldn't find him. I waited for him for a few moments then finally I gave up and decided to go home.

When I arrived home, my mother told me that my friend called. She said that he was in the department store looking for me. My mother asked me to come back to the department store. Reluctantly, I walked to the department store and you know what? When I arrived there, his motorcycle was not in the parking area. He just went home. I was very tired. There was no other choice, I had to walk home again. When I arrived home, I was so tired. I was very angry but when I saw my friend's broad smile greet me in front of the door, I just couldn't help laughing.

**Text for questions no 22 - 25**

Lightning is an electrical discharge that occurs in a thunderstorm. It can be seen in the form of a bright streak (or bolt) from the sky. Lightning occurs when an electrical charge is built up within a cloud, due to static electricity generated by supercooled water droplets colliding with ice crystals near the freezing level. When a large enough charge is built up, a large discharge will occur and can be seen as lightning.

The temperature of a lightning bolt can be five times hotter than the surface of the sun. Although the lightning is extremely hot, the duration is short and 90 % of stricken victims survive. Contrary to the popular idea that lightning does not strike twice in the same spot, some people have been struck numerous times in the same storm. The loud bang that is heard is the super heated air around the lightning bolt expanding at the speed of sound. Because sound travels slower than light the flash is seen before the bang, although both occur at the same moment.

22. What does the text mostly talk about?
- a. Electrical charge
  - b. Lightning
  - c. Thunderstorm
  - d. Weather
23. How is the static electricity built up?
- a. When the very cold water droplets collide with the ice crystal
